

The Challenge of Change

Pre-webinar Reflections

1. What 3 words come to mind when you think about change?

2. What do you find most challenging about dealing with change?

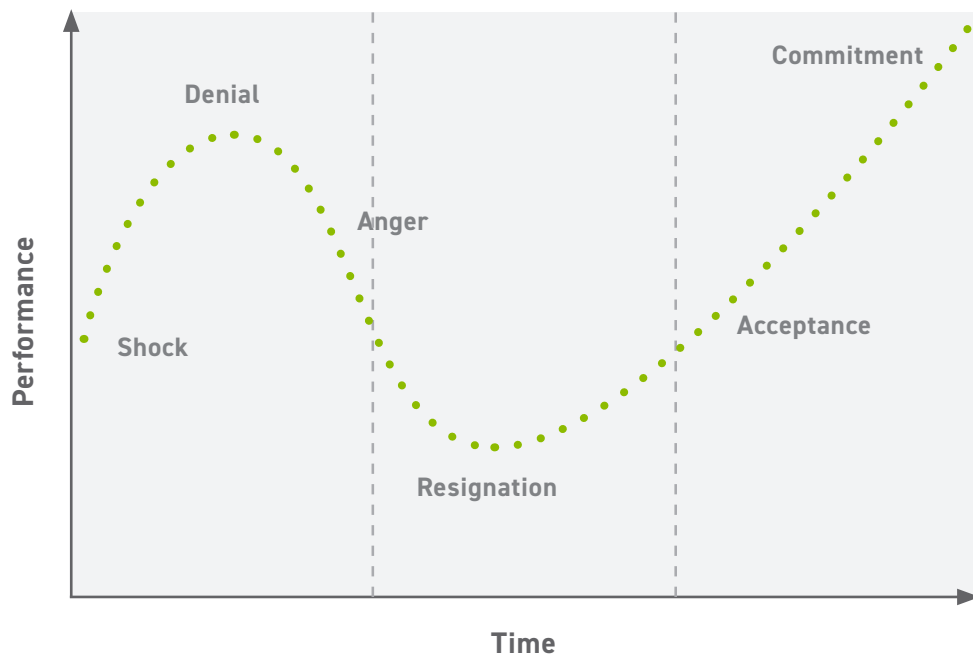

3. How do you get other people to change?

4. Why is change important to the profession?

5. What would you like to change?

Webinar Workbook

The Change Curve

Think about changes that you are going through now, personally and professionally

Where are you on this curve?

What are you thinking and feeling about this change/ these changes?

What about changes you are trying to implement – where are your team?

What is within your control?

What can you influence?

What is out of your control?

What actions do you need to take? What responses do you need to choose?

What might stop you? How can you ensure it doesn't?

What do you want to change but haven't been able to start?

What's holding you back?

What are you going to do as a result of this webinar?

STOP

START

CONTINUE

What difference will this make?
